

# Port Wakefield Highway Upgrade

## Night works – water main installation

The \$124.5 million Port Wakefield Overpass and Highway Duplication Project is jointly funded by the Australian and the South Australian governments (80:20) and is being delivered by the Port Wakefield to Port Augusta (PW2PA) Alliance. The project will improve traffic flow and reduce congestion for all road users, particularly, during peak travel times and public holidays, and improve safety and freight productivity along the National Land Transport Network.

In order to minimise the impact to road users, works will be undertaken at night to install a new water main in Port Wakefield.

### Timing of works:

Night works will commence from Sunday, 15 August 2021, for approximately three months (weather permitting). The works will be undertaken intermittently, Sunday to Thursday, between 7pm and 7am.

### What to expect:

During the works, lane restrictions will be in place on Phillips Road and Minnie Street at their junction with Port Wakefield Highway. Traffic controllers will be on site to assist.

Please take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area. Signage will be in place to alert motorists to the changed traffic conditions.

Access to local businesses and residences will be maintained during these works with advance notice provided if there is a need to temporarily restrict driveway access.

### Please continue to support the local businesses.

Some noise disturbance can be expected at times while these works are being undertaken, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Pedestrian access on the eastern side of Port Wakefield Road will be closed during these works. Pedestrian access will be maintained on the western side of Port Wakefield Highway with signage in place to advise pedestrians of the change in conditions.

Stay up-to-date with the project via the new SitePodium app. The app is available at no cost by downloading Site Podium from the [App Store](#) or [Google Play](#) to your smart phone or tablet.
