

## Augusta Highway Duplication Port Wakefield to Lochiel – Early Works

The \$260 million Augusta Highway Duplication Project is jointly funded by the Australian and the South Australian governments (80:20). This project includes duplication of Augusta Highway, from Port Wakefield to Lochiel.

The Augusta Highway is the key road corridor between Port Wakefield and Port Augusta and forms part of the National Land Transport Network, providing crucial connectivity to regional South Australia and interstate.

The Augusta Highway Duplication between Port Wakefield and Lochiel is expected to be completed in 2023.

Key benefits of the project will include:

- improved road safety for all road users;
- improved freight productivity;
- reduced travel times; and
- improved efficiency and network reliability.

The Port Wakefield to Port Augusta (PW2PA) Alliance has been engaged by the Department for Infrastructure and Transport to undertake early works for the highway duplication.

### Early works underway

Early works for the duplication of the Augusta Highway from Port Wakefield to Lochiel are currently underway, with major works planned to commence in late 2021.

Early works commenced in August 2021 and will continue until the end of 2021, weather permitting. Works are being undertaken, Monday to Saturday, between 7am and 7pm. No works will be undertaken on Sundays unless otherwise notified.

The following early works activities are being carried out:

- survey and geotechnical investigations;
- identification of existing services; and
- property fencing adjustments and relocation of some farm infrastructure (impacted property owners have been notified).

To safely undertake these works, speed and lane restrictions will be in place during the works.
