

Port Wakefield Overpass and Highway Duplication

Changed Traffic Arrangements – Port Wakefield Highway

The \$124.5 million Port Wakefield Overpass and Highway Duplication Project is jointly funded by the Australian and South Australian governments (80:20) and is being delivered by the Port Wakefield to Port Augusta (PW2PA) Alliance. The project will improve traffic flow and reduce congestion for all road users, particularly during peak travel times and public holidays, and improve safety and freight productivity along the National Land Transport Network.

As part of the project, Port Wakefield Highway will be open to traffic in its upgraded configuration from **7am Friday, 30 September 2022, weather permitting**. The following changed traffic arrangements will be in place:

Northbound:

- two lanes will be open to traffic travelling along Port Wakefield Highway towards Port Augusta and Yorke Peninsula;
- right turns into and out of North Street, John Street and White Street will not be permitted, with only left turns available; and
- a one-way service road to access businesses on the western side of Port Wakefield Highway will be open to traffic (see map attached).

Southbound:

- two lanes will be open to traffic travelling along Port Wakefield Highway towards Adelaide (see map attached).

Speed restrictions will be in place on the newly resurfaced sections of road, as time is required for the pavements to settle and grip to reach required levels.

Works on the Augusta Highway Duplication Project (Port Wakefield to Lochiel) continue, north from the new overpass.

Please observe speed limits, lane restrictions and traffic controllers when travelling through the area. Signage will be in place to alert motorists to the changed traffic conditions.

Some delays may be experienced until the project is complete. Please take extra care when workers are on site.

Access to local businesses and residences will be maintained during these works with advance notice provided if there is a need to temporarily restrict driveway access.

Some noise disturbance can be expected at times while these works are completed, however, the work will be managed to minimise disturbance as much as practically possible.

The PW2PA Alliance appreciates your co-operation and patience while these important works are undertaken.

If you have any questions or would like to speak to a member of the project team, please call 1300 161 407 or email enquiries@pw2pa.com.au

Kind regards,
