

Joy Baluch AM Bridge Duplication Project

Changed Traffic Arrangements – Augusta Highway

The Joy Baluch AM Bridge is an important link in the National Land Transport Network at Port Augusta, providing access across the Spencer Gulf for commuter, commercial and freight vehicles in the northern region of South Australia. It is also a key tourist connection to the Eyre Peninsula, northern South Australia and beyond.

The \$200 million Joy Baluch AM Bridge Duplication Project is a joint initiative of the Australian and South Australian governments (80:20) and is being delivered by the Port Wakefield to Port Augusta (PW2PA) Alliance.

To safely facilitate the installation of a permanent electronic overhead message sign, the Augusta Highway southbound carriageway will be temporarily reduced to one lane between Mildred Street and Burgoyne Street (see attached map). These traffic arrangements will be in place intermittently between **Friday, 20 January 2023**, and **Sunday, 12 March 2023, weather permitting**.

Traffic controllers will be on site to assist during works when required.

To safely undertake the works, speed restrictions will also be in place during the works. Motorists are advised to take care when driving through the area.

A temporary pedestrian detour will be in place around the works site, and pedestrians are advised to follow directional signage.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Some noise disturbance can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

The permanent electronic overhead message sign has been designed to effectively communicate important messages to motorists and help reduce traffic delays and prevent road accidents.

The PW2PA Alliance appreciates your co-operation and patience while these important works are undertaken. If you have any questions or would like to speak to a member of the project team, please call 1300 161 407 or email enquiries@pw2pa.com.au
