

Port Wakefield Overpass and Highway Duplication

Changed Traffic Arrangements – Port Wakefield Highway, Port Wakefield

The \$124.5 million Port Wakefield Overpass and Highway Duplication Project is jointly funded by the Australian and South Australian governments (80:20) and is being delivered by the Port Wakefield to Port Augusta Alliance. The project will improve traffic flow and reduce congestion for all road users, particularly, during peak travel times and public holidays, and improve safety and freight productivity along the National Land Transport Network.

To safely facilitate works in the Port Wakefield township, **temporary speed and lane restrictions** will be in place on the northbound and southbound carriageways of Port Wakefield Highway between Liberty Service Station and Ketch Road.

These works will occur from **Thursday, 19 October 2023**, until **late December 2023**, weather permitting.

To reduce interruption to road users and businesses, **some works will occur intermittently at night** during this period.

Works will include **pavement and line marking, drainage works, landscaping, installation of signage and furniture works**.

Signage will be in place to alert motorists to the changed traffic conditions, and traffic controllers will be on site to assist during works when required.

Please observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Residents will be notified individually if works are planned near their property.

Access to local businesses and residences will be maintained during these works, with advance notice provided if there is a need to temporarily restrict driveway access.

We appreciate your co-operation and patience while these important works are undertaken.

If you have any questions or would like to speak to a member of the project team, please call 1300 161 407 or email enquiries@pw2pa.com.au
