

Joy Baluch AM Bridge Duplication Project

Upcoming Traffic Changes – Footpath Works

The Joy Baluch AM Bridge is an important link in the National Land Transport Network at Port Augusta, providing access across the Spencer Gulf for commuter, commercial and freight vehicles in the northern region of South Australia. It is also a key tourist connection to the Eyre Peninsula, northern South Australia and beyond.

The \$200 million Joy Baluch AM Bridge Duplication Project is a joint initiative of the Australian and South Australian governments (80:20) and is being delivered by the Port Wakefield to Port Augusta (PW2PA) Alliance.

To safely facilitate the realignment of the footpath adjacent to the Augusta Highway, traffic arrangements will be in place between **Monday 16 September** and **Wednesday 25 September 2024**, from **7am to 5pm** weekdays weather permitting.

There will be a closure of one southbound lane on Augusta Highway between Caroon Road and start of the Joy Baluch AM Bridge and pedestrians will be detoured onto opposite footpath near work zone (see map overleaf)

Signage will be in place to alert motorists of any temporary changes and speed restrictions. Motorists are advised to take care when driving through the area.

Some noise and dust disturbance could be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

If you have any questions or would like to speak to a member of the project team, please call 1300 161 407 or email enquiries@pw2pa.com.au

The PW2PA Alliance appreciates your co-operation and patience while these important works are undertaken.

Kind regards,

Community Engagement and Stakeholder Team
PW2PA Alliance
